A Message From Your MAHO President

Welcome to the 2022 “Summer Splash” Convention and MAHO Expo! I know I sound like a broken record but this really is my favorite time of the year. I truly enjoy the time we get to spend together at this show. I always leave Columbus with a newfound sense of excitement and rejuvenation. I am also very excited for the amazing lineup of educational speakers we have this year! We have assembled a program featuring speakers from across the industry, including 6, YES, 6, brand new speakers to MAHO! We’re delighted to present this exceptional group to you in 2022!

There is a lot going on in the industry right now and we are in unprecedeted times. The last few years have probably been the most challenging we have faced, but thankfully MAHO has been here to provide the resources necessary for us to navigate together! There’s more to come and we’re excited to announce to you and engage you in what’s coming next.

I would like to take this opportunity to thank all the retailers, manufacturers, distributors, reps and brokers for attending and making this such a great event. Please thank each one of them for supporting YOU and MAHO, and for exhibiting at and attending this year’s MAHO Expo. I also want to recognize our Board of Directors and our fantastic staff, Marcy and Diane. Without their efforts this weekend wouldn’t be possible. I encourage you to take a moment and thank these folks for being part of our community!

Again, I want to thank everyone for attending and I look forward to seeing all of you throughout the weekend.

A Message From Your Executive Director

SO MUCH IS NEW IN 2022!

Wow! I'm not sure where to begin.

Everything tanked with the pandemic in March of 2020, no MAHO Expo, limited access to many businesses and finding new ways to keep your doors open. But our industry was declared "essential", so we marched on as an industry, and we've made it. It's been hard. We've unfortunately lost some stores over the past 2 years, but those that have prevailed seem to be doing well from what we're hearing. This is a strong vital industry with people power beyond belief.

MAHO has persevered with the partnerships and sponsorships of our industry partners and friends, we're still here, growing and getting stronger once again. We don't give up. Our testament to strength is the personal and professional relationships that we build and maintain, which has brought MAHO to celebrate "What New in 2022"!

We at MAHO are looking forward to this 2022 "Summer Splash" Convention & MAHO Expo with 22 NEW companies that have never exhibited at MAHO. There are 6 NEW speakers that have never spoken at MAHO in years past. We're not exactly sure how that happened except for hearing that grassroots are once again the focus for a lot of companies to get back to the roots of where the industry began...with the INDEPENDENT retailer. Without YOU, we would not be here. You are the heart of MAHO and our Midwest community. But it doesn't end in the Midwest. We welcome all independent retailers from across the U.S. and we're glad you're ALL here to celebrate this great industry with us this weekend.

Learn, network, inquire, buy, sell, and educate your customers about health and the wonderful natural products our industry has to offer. We are the heart of the Natural Products Industry and have a lot to be thankful for and look forward to as we march forth TOGETHER for the health of our respective communities.

Please and thank you for joining us this weekend. Remember to thank the exhibitors for being here and supporting our industry. We are all one in health!

On behalf of our MAHO Board of Directors, Diane and I thank you for your support, as well as working towards the common goal of natural health for all.

Marcy Kraft
Executive Director

As The Leading Regional Voice of the Natural Products Industry

MAHO's mission is to advocate for the rights of Midwestern consumers, retailers, and suppliers of natural and organic products to have access to goods and services that will protect their health and quality of life.

MAHO began years ago as the *Great Lakes Health Organization*. On July 9, 1975, GLHO was incorporated in the state of Minnesota as the *Mid American Health Organization* and became known as MAHO. Over the years our logo and the states we served changed but our focus remained the same.

In the 90s MAHO began an affiliation with the NNFA and DBA as NNFA Midwest and NPA Midwest, a regional affiliate until the NPA (formerly NNFA) released all regional charters in 2016.

*Today, Our Association Proudly Serves 15 States in the Midwest
as
MAHO / Mid American Health Organization!*

Summer Splash Housekeeping Notes

We welcome everyone to our 2022 “Summer Splash” Convention & MAHO Expo. Although guidelines and restrictions have been lifted during the planning of our event, it is our goal to provide a safe and healthy, socially distanced event, while allowing you the freedom to move around the educational and show venue without major restrictions. We are, however, offering some common sense guidelines while in educational sessions and on the show floor.

1. MASKS are OPTIONAL. Please be respectful of individuals choices.
2. Handshakes, hugs, waves, fist bumps, elbow bumps and simple smiles are all welcome at the MAHO Expo, but please be respectful of each individuals choices of greetings.
3. Meeting rooms and the show floor are set with social distancing in mind.
4. Hand sanitizing stations are available throughout the hotel.
5. Hand washing and the use of hand sanitizers are encouraged, especially prior to going through buffet lines, and after exiting buffet lines.
6. The meeting rooms for educational sessions and meals will be set Classroom Style allowing everyone to face the speaker in comfort. Please sit with those you traveled with, and remain in those seats throughout your attendance at that days functions. You may leave your belongings on your table and/or seat during breaks and when in buffet lines, but please be sure to gather and take your belongings with you at the end of the day. The hotel staff will refresh as needed.

NOTE: All seminars are available to all retailers. Reservations required for meal functions.

7. The 2022 MAHO Expo floor plan reflects social distancing with 10' wide perimeter booths, 8' between tabletops, and 6'6" aisles in most locations, for ease of movement throughout the show floor, and to lessen congestion, as best as possible.
8. While on the show floor, please observe social distancing by visiting each booth when the company reps are available and not with another customer. Then move accordingly through the show floor making sure to visit each and every exhibitor. You never know what they might be offering, and if you miss the chance to talk with all companies, you might also miss a great opportunity, information or show deal.

NOTE: Based on the lifting of all previous event gathering restrictions at the beginning of the pandemic and during our initial planning we have made the decision to continue with a 2-day trade show as a result of retailer responses (82.1%) and exhibitor responses (54.5%) of exhibiting companies in a planning survey sent out by MAHO. All retailers and their associates will be able to attend the show BOTH DAYS, Saturday 3-6 p.m. and Sunday Noon - 4 p.m.

Enjoy the weekend & we hope to be back to a more normal MAHO Expo in 2023!

GOING BEYOND A PRETTY FACE: Collagen Peptides and Their Unexplored Potential

With collagen being one of the most trendy ingredients over the past 5 years, its vibrant appeal to consumers has been limited to health & beauty applications. Knowing collagen represents one of the most abundant, important structural proteins in the body, its importance in muscle, bone, joints, and other tissues transcends its focus in hair, skin, and nails. This lecture will explore the latest studies on collagen's role in both beauty and clinical applications that has catapulted its popularity and use.

Carl Germano, CNS, CDN, Board Certified Clinical Nutritionist with a master's degree in clinical nutrition from New York University, has over 40 years' experience in product development for several of the largest dietary supplement companies in the U.S. For the past four decades, he has been instrumental in bringing innovative nutritional ingredients and finished products - including dietary supplements, medical foods, and functional beverages - to a variety of markets. He continues to lead the industry in research and product development as it relates to next generation clinically relevant nutraceutical ingredients. (www.carlgermano.com)

Colleen Swabby and Chad Vickery, a sister and brother team that own Triple Crown Marketing, a brokerage specializing in providing representation for the state of Ohio in our wonderful industry.

We focus on education, product placement and line expansion continuously and have a consistent call cycle with our stores.

Our experience in the natural products/supplement industry goes back to the late 1980's, as we have both started out in retail, at our family's health food stores. Launched in January 2015, our brokerage has already built many excellent relationships with stores throughout Ohio, Kentucky, Michigan and Indiana.

LOOK WHAT OUR INDUSTRY LEADERS ARE SAYING ABOUT MAXZORBCEUTICALS AND SKIN DRINK

"Mega Wellness Cleanse/Thera Colon Cleanse/Mega Cleanse Extra have become my best selling cleanses. With hundreds of bottles sold weekly, I will say that in 41 years of retailing, these are the best products I have ever seen."

*Matt Munchraith, Owner
Ann's Health Food Center, Dallas TX*

"We can't say enough good about Body Dynamics, and their commitment to quality and the independent health food stores. If you are not already stocking their products, I encourage you to give them a try. I think you will be pleased with the results."

*Judie Boothe, President
Fountain of Health, Amarillo, TX*

"Skin Drink has helped our customers with rosacea, acne, wrinkles and dark spots. We love it because it is easy to sell and it's not online for a cheaper price. They always come back to us."

*Terry Heiner, Owner
All Total Health, Houston, TX*

RESBIOTIC - LUNG HEALTH PROBIOTIC

414

RESBIOTIC WAS BORN OUT OF A SIMPLE QUESTION: DO THE LUNGS HARBOR A MICROBIOME? DR. C VIVEK LAL AND HIS LAB IN THE MICROBIOME CENTER AT THE UNIVERSITY OF ALABAMA AT BIRMINGHAM HAVE SHOWN THAT THE ANSWER IS YES. NOT ONLY DO ADULT LUNGS HARBOR A LOW BIOMASS MICROBIOME, HUMANS ACTUALLY HAVE AN AIRWAY MICROBIOME AT BIRTH. DR. LAL AND TEAM HAVE EXPLORED HOW LUNG HEALTH CAN BE IMPACTED DIRECTLY, BY INFLUENCING THE MICROBIAL POPULATIONS OF THE LUNG, AS WELL AS INDIRECTLY, THROUGH THE GUT-LUNG AXIS.

ALLIANCE FOR NATURAL HEALTH USA

The Alliance for Natural Health USA (ANH-USA) is committed to sustainable health—the recognition that true health requires a proactive and preventive approach that focuses on a nutrient-rich diet, proper supplementation, and limiting our exposure to toxic substances. A health care system that is single-mindedly focused on “treating” sick people with expensive drugs, rather than maintaining healthy people, is neither practical nor economically sustainable. By organizing strong coalitions and over 600,000 grassroots activist across the country, ANH-USA lobbies and litigates to protect your access to natural health and consumer choice in health care.

CENTER FOR NUTRITION ADVOCACY

The Center for Nutrition Advocacy (CNA) is the advocacy initiative of The Board for Certification of Nutrition Specialists. CNA's mission is to promote legislation and public policy that brings nutrition into the mainstream of healthcare, and promotes the right of all nutrition care providers to practice to the level of their training. Nutrition care providers are seen by their clients as key trusted sources for credible information on natural products. Because natural products are tools for many providers, they also push on the growing opposition to natural products and direct consumer access to them. CNA engages legislatively at both state and federal levels and maintains a website (www.NutritionAdvocacy.org) to provide information on legislation and resources of interest, including action alerts, to providers, retailers, and consumer groups.

In Memoriam

MAHO Remembers the following industry members who left us in the past year...

Dr. Cass Ingram

It is with great sadness that we announce the passing of Dr. Cass Ingram on Saturday, March 12, 2022, in his Illinois home. He was 66 years old. A prolific author, researcher, lecturer, and popular media personality, Dr. Cass will be remembered for his passionate endorsement of wild medicinal herbs and spices and his belief in the healing power of wild harvested whole foods. His most lauded professional accomplishment was his extensive research and writing on the curative properties of oil of wild oregano, which earned him the moniker "Dr. Oregano" among patients, associates, and his legion of fans.

Dr. Cass graduated from the Des Moines School of Osteopathic Medicine in 1984, finishing at the top of his class in osteopathic manipulation and holistic medicine. He studied under several of the top osteopathic physicians of the day before beginning an apprenticeship with Dr. Maur, founder of the renowned Maur Preventive Medical Center in Zion, Illinois. Dr. Maur took young Dr. Cass under his wing and taught him how to start and run a thriving preventive care medical center.

In 1985, Dr. Cass started his first clinic in Hoffman Estates, Illinois. In 1986 he then opened the Arlington Preventive Medical Center in Arlington Heights, Illinois. Thousands of patients from all over the Midwest poured into the clinic. About this time, he started developing formulas for his own line of vitamins.

From that point on, Dr. Cass worked tirelessly to provide natural products and knowledge of those products to the world through his books, lectures and many hundreds of media appearances. He leaves to us a vast library of knowledge in book and video format that informs us how to safely use wild edible plants from the earth to live a joyous, healthy life.

Dr. Cass's life's work will be cherished and he will be dearly missed by his three children; Surriah, Maryam and Ali Igram, as well as by his seven grandchildren; Jameela, Ayesha, Ibrahim, Muhammad, Yusuf, Maryam, and Maya, and by his five siblings; Hassan, Jamiely, Suehila, Abdullah, and Surria.

A service and burial with family and friends took place on Monday, March 14th at the Islamic Cemetery in Cedar Rapids. Dr. Cass was buried beside his mother and father Yusra and Charlie Igram. Dr. Cass has helped countless numbers of people during his lifetime, and he will be greatly missed by so many.

MAHO Remembers the following industry members who left us in the past year...

Ted Moorman

Ted Francis Moorman, age 71, of Indianapolis, passed away on Tuesday, January 25, 2022. Ted was born September 21, 1950 in Knoxville, Tennessee to the late Robert and Eileen Moorman. Ted worked as a salesman for different health food companies for many years. Ted was a family man and he loved spending time with his family, especially his grandchildren. He will be greatly missed by all who knew him.

Ted is survived by his children, Jennifer Terwilliger, Lindsey (Nick) Healy and Doug (Sherri Lautner and daughter, Ann Scott) Moorman; grandchildren, Hannah Terwilliger, Jillian Healy and Colson Healy; siblings, Bill Moorman, Karen Miller, Linda McAuliff, Joan Williamson, Mary Weinrich, Diane Evans, and Teresa Kroh; and many nieces and nephews. Ted was preceded in death by his parents; first wife, Judy Hamilton; second wife, Debbie Flick; and brother, James Moorman.

A visitation for Ted was held Tuesday, February 1, 2022 at St Pius X Catholic Church, 7200 Sarto Drive, Indianapolis, IN 46240, followed by a Mass of Christian burial.

Ted was laid to rest in Oaklawn Memorial Gardens, 9700 Allisonville Road, Indianapolis, IN 46250.

In lieu of flowers, contributions in Ted's memory may be made to St. Vincent de Paul, (make check payable to SvdP: Ted Moorman Memorial), Attention: Wendy Harlow, 3001 E. 30th Street, Indianapolis, IN 46218 or to St. Pius X Parish, 7200 Sarto Drive, Indianapolis, IN 46240.

In Memoriam

MAHO Remembers the following industry members who left us in the past year...

Dr. Richard Passwater

Richard Albert Passwater of Winterville, NC, Sarasota, FL, Ocean Pines, MD passed into his eternal rest on April 28, 2022, at the age of 84. He is preceded in death by his parents Stanley Sr. and Mabel King Passwater, and his brother Stanley Passwater Jr. He is survived by his beloved wife of 57 years, Barbara, their two children Richard Alan (Myriam) and Michael (Ellen), two grandchildren Matt (Chelsea) and Thomas, and two great-grandchildren Audrey and Jamison; as well as a nephew Steve Passwater and many loving cousins.

He enjoyed time with family and friends, photography, genealogy, and Baltimore Orioles and Delmarva Shorebirds games.

During his extensive career, he served as a civilian scientist with the Air Force's Project Papa Bear to ensure the purity of liquid nitrogen for the Centaur rocket, he was Director, Research Analytics Laboratories at Allied Chemical Corporation, Director, Applications Research Laboratory at Baxter-Travenol Laboratories, Vice President of Research for the American Gerontological Research Laboratories Division of Life Science Labs, and Vice President of Research and Development for Solgar Vitamin & Herb Company. He wrote more than 45 books and 600 articles, participated in over 7,000 radio shows, and served as WholeFoods Magazine's science editor for 36 years.

He was twice honored by the Committee for World Health (1978 & 1980), received the nutrition industry's Achievement Award (1989), National Nutrition Foods Association's Presidents Award (1999), James Lind Scientific Achievement Award (2004), John Peter Zenger Free Press Award for writing (2004), and was inducted into the International Society of Orthomolecular Medicine Hall of Fame (2021). He also was voted Citizen of the Year by his community (Ocean Pines, MD, 1987), and was inducted into the Delmarva Firefighter's Hall of Fame (1993) after serving 25 years as a volunteer EMT and firefighter including 10 years as Chief of the Ocean Pines Volunteer Fire Department (OPVFD). He was a Founding Advisor of Atlantic General Hospital, a member of the American Chemical Society since 1959, and a Fellow of the American Institute of Chemistry.

The family is appreciative of the care provided by ECU Health, Physicians East, and Pruitt Hospice.

MID-AMERICAN HEALTH
ORGANIZATION

At KeHE® we're proud to be an active partner of the natural and organic products community for more than 50 years. We're focused on providing retailers with products that contribute to a healthy and environmentally responsible way of life. We're excited about new opportunities that provide independent natural product retailers an even greater range of products and services that support their continued success.

CADIA, available exclusively through KeHE®, was created for independent natural food retailers. Through CADIA, KeHE® is able to strengthen its dedication to the growing needs of the natural and organic community by offering a brand retailers can embrace as their own.

A HEALTHY HEART STARTS WITH HEALTHY BLOOD.

Neprinol combines circulatory cleansing enzymes and co-factors that support the natural digestion and elimination of blood-borne contaminants. This process naturally softens and conditions the blood which supports healthy blood viscosity, fibrin levels, and reduces stress on the heart. As we age, the river of life gets polluted. The time is now to start cleansing the blood to maintain cardiovascular health.

BEFORE NEPRINOL

Typical blood of a middle-aged person. Image shows increased levels of fibrin, undigested food, and oxidative stress.

AFTER NEPRINOL

Healthy blood of a middle-aged person. Image shows normal levels of fibrin, undigested food, and oxidative stress.

Neprinol Supports:

- Normal Blood Viscosity
- Optimal Blood Cleansing
- Optimal Circulatory Health
- Healthy RBC and Fibrin Levels
